The Brown County Veterans Memorial Complex welcomes nearly one million people through its doors every year. What better way to reach your customer and further brand your company than to own a little piece of this real estate? Have hundreds of thousands pass by your "piece of the complex" every year by purchasing any of the signage opportunities we have on site. From interior to exterior, from in-bowl to concourse, from large to modest, we work with you to create the best option possible.

A wide inventory of opportunities available:

RESCH CENTER

"Over the past year we have continuously receive comments about the lighted Subway signs within the Resch Center. They comment on the professionalism, brightness, and clarity of the signs. As employees of Subway we always have a sense of pride when we see the Subway signs. We think it is great that two outstanding organizations have joined forces to better serve Northeastern Wisconsin."
