best way to build your brand!

"On behalf of the Green Bay/Appleton Taco Bell restaurants, I want to thank the Gamblers for their continued partnership and marketing opportunities. The customers and fans enjoy the chance to win a free taco every time the team scores 5 goals. "WE WANT TACOS" has become a popular cheer at Gamblers games and its this kind of excitement and creativity that makes for a great relationship."

Rich Lepping
President-Taco Bell Franchise Association, WI
